High School Has Most Successful Homecoming Parade; Game, Dance

Ninety-two Alumni Include Members of First Four-Year Class

What is believed to have been the most successful Homecoming in the history of Antioch Township High school took place last Thursday and Friday evenings.

More than 800 persons attended the football game in which the Sequoits held the conference leading Barrington Broncos to a 12-6 score. Four hundred attended the dance at the Grade school auditorium where during the intermission the queen, Denise Christop, was crowned by Harry Larsen, football captain. She was escorted by Ronald Scully.

The queen's attendants and their escorts were Shirley Mani, senior, and Ronald Peters; Marlene Wertz, junior, and Robert Weber; Donna Martin, sophomore, and Tom McGreal; and Rosemary Wolf, freshman and James McMillen. The sophomore squad presented the queen a bouquet of roses.

The Victor Parise seven-piece orchestra furnished the music and the decorations which were unusually nice were prepared under the direction of Mike Haviland.

Ninety-two registered in the alumni registration book, Miss Theresa Wehr, chairman, reported. Mrs. Bertha Goodell, 131 Water st., Waukegan, and Mrs. Hester Garland, Antioch, were the two surviving members of the first four-year class of Antioch in 1913. They were introduced between halves at the game and at the dance they were presented corsages by Miss Betty Erickson, secretary of the 1951 class. Miss Erickson also presented flowers to the two youngest members of the (Continued on page 5)

County Fair Association Plans Annual Meeting For Tuesday, Nov. 6

The annual meeting of the Lake County Fair association will be held at the Grayslake High school Tuesday, Nov. 6, William A. Chandler, Antioch, president, announced.

Charles W. Wray, secretary, said that his term as well as those of E. Elsbury and Walter Krumery as directors will expire and an election will take place to select directors for a three-year term. Holders of exhibitors or season tickets will be eligible to vote.

Despite bad weather the fair at Waukegan this year broke even. Receipts were \$20,407.05 and expenditures, \$19,051.43.

Armour Buys Reserve Grand Champion Steer Calves at Chicago Feeder Cattle Show

The Reserve grand champion load of Hereford steer calves averaging 43½ pounds were purchased at the annual Chicago Feeder Cattle show and sale by Laurence Armour for 84 cents a pound, and were brought to his Sunnyhill farm west of Antioch on Rte. 173.

The cattle were the entries of Allen Fordyce, Bar 13 ranch, Sheridan, Wyo., who was last year's grand champion winner. Several were sold to Iowa 4-H club boys and more could have been sold but Armour said he wishes to promote interest in Northern Illinois and Southern Wisconsin 4-H groups and will reserve them for those groups.

Wilmot High Defeats Walworth High 27-0

Wilmot High school overpowered Walworth Friday 27 to 0 to win its third Southeastern (Wis.) conference victory. It was Dad's Day at Walworth, but it turned out to be Wilmot day.

Wilmot ripped through the Walworth line for a total of 257 yards and four touchdowns. Halfback Dick Scott gained 139 yards on 19 assignments, but Phil Glassman, a sophomore who entered the game in the fourth quarter caught the crowd's fancy. He gained 53 yards in five attempts, running 40 yards for a touchdown in the game's last play. Right half Bohn got two of Wilmot's touchdowns.

Halloween Prankster Hurt in Fall Off Truck

The Antioch Rescue squad gave first aid to Sherman Ferry, 17, Gurnee for head injuries received when he fell from a moving pickup truck on Beck rd. a half mile north of Sand lake Monday evening.

The squad then took him to Victory Memorial hospital for treatment.

Sheriff's deputies said Ferry and Edward Streicher of Gurnee were standing in the back end of a truck driven south on Beck rd. by Richard Champlin, 17, Gurnee.

Ferry was thrown from the truck when it hit a bump.

It was said that the boys had been dumping outdoor toilets as a Halloween prank and that one of the buildings was being hauled on the truck. It fell on Ferry.

Children Will Start Clothing Crusade at Grade School Monday

A drive to collect serviceable used clothing will be launched next Monday by the Antioch grade school.

Entitled "Bundle Week," the drive is a part of the tenth National Children's Clothing crusade conducted under the auspices of a national committee of school superintendents.

The bundles will be brought to the school by the children or their parents and sent to a state depot. Clothing obtained will be distributed by the Save the Children Federation in its program of assistance to children in isolated rural areas of the United States in six European countries, on the Navajo, Papago, and Hopi Indian reservations, and to Korean refugees.

Five hundred thousand pounds of wearable clothing has been set as Illinois' goal for 1951. Last year schools in over forty states took part in the Ninth National Children's Clothing Crusade. The Illinois Bundle Week is headed by Vernon L. Nickell, State Superintendent of Public Instruction, who reports that conditions on many Indian Reservations are just as bad as in Europe.

Many Children in Rags Reporting on recent tours of some of the war-depleted areas of Europe, Federation officials state:

"There are still thousands of children whose only clothing is tattered carriers will take the clothing to St. Louis where it will be transferred to other haulers for shipping to workrooms of the Federation." (Continued on page 5)

County-Wide Rat Killing To Start Friday, Nov. 9; Warfarin to Be the Bait

Lake county is getting set for a rat killing. Farm Adviser Ray T. Nicholas states that he has arranged for warfarin bait distribution, Friday, Nov. 9, is D-Day for the rats, also for the mice.

Warfarin is the new poison that has a mild, but deadly, effect. It takes 5 to 10 days for results.

Bait distribution will be county wide, with distributors in every trade center. The bait will be provided at a non-profit price and will be available only for the campaign. A letter explaining the campaign has been mailed to every farmer in Lake county who has his name on the Farm Bureau mailing list. This letter advises all those desiring bait to have their orders in at the Farm Bureau office in Grayslake by Saturday, Nov. 3.

Farm Adviser Nicholas urges townspeople as well as farmers to take part in the county-wide drive to kill rats and mice. He emphasizes that rats and mice move from one property to another and it is therefore very important that every infested place in the county be treated.

Cardinal Bus Line Ends Service on Five Routes

The Cardinal Bus line which abandoned its line from Antioch to Waukegan by way of Fox Lake recently without notice, is in bad with the Wisconsin State Public Service commission for a similar offense.

The bus line stopped service on the Lake Geneva - Twin Lakes - Salem - Kenosha run without notice. It was one of four routes abandoned by the company in Wisconsin. A hearing is taking place in Madison, Wis. today on a show cause order which the WSPSC issued to the bus company.

Halloween Parade Was Successful Event With Many Unique Costumes

No finer parade of children in Halloween masquerade costumes ever marched through the business section than that last evening.

Story book characters, ancient and modern, witches, goblins, hoboes, Indians, queens, cowboys, clowns, mummies dressed as clocks, dice, and many other fanciful ideas, even to a well decorated Christmas tree, were represented.

Headed by a youth carrying an American flag, the children with the lower grades of school preceding, marched from the grade school to the Antioch theatre where judging took place and gifts and prizes were handed out.

The youngsters were treated to movies.

Sponsoring the event were the Antioch News and Fred Swanson of the Antioch theatre. Principal Richard Whitacre of the grade school directed the parade, assisted by teachers, and members of the Antioch Rescue squad and police.

Grand prize winners for the best costumes were Teresa Manzardo and Bob Cain.

Other winners in the various grades included:

Kindergarten - girls—1st, Jean Berg; 2nd, Ellen Enis; 3rd, Diane Miller. Boys—1st, Michael Kennedy; 2nd, Frank Moser; 3rd David Miller.

1st Grade - Girls—1st, Teresa Manzardo; 2nd, Pamela Meyer; 3rd Judith Turner. Boys—1st, Brian Breakstone; 2nd, Douglas Lydiard; 3rd, James Dupre.

2nd Grade - Girls—1st Cheryl (Continued on page 5)

Donations to Rescue Squad Continue Coming

The Antioch Rescue Squad fund passed the \$3,300 mark this week as gifts continue to come in.

Loren Sexauer, in charge of the work of the Lions committee collecting the money, said that his committee soon plans to ask Waukegan and North Chicago industry to contribute to the fund. Many of their employees live in the area served by the squad.

Reuben Conrad to Talk At A.T.H.S. Parents Meeting on Wednesday

The first parents meeting for the year at Antioch Township High school with Reuben Conrad, boys counselor at Arlington Heights High school as speaker.

Conrad works with students in the common learnings program at Arlington. After his introductory talk, group discussions will be held in which specific problems of Antioch boys and girls will be presented and an attempt made to find out what Antioch Township High school can do about them.

Mrs. Einar Petersen is president, Mrs. C. L. Wertz is secretary, Mrs. Gordon Martin, treasurer, and Mrs. Dudley Kennedy is publicity chairman of the organization. Parents of all high school students have been invited to the meeting.

Plan 4-H Achievement Meeting for Nov. 17 at Grayslake High School

The annual achievement meeting of the Lake county 4-H Clubs will be held on Saturday night, November 17th, according to an announcement by Farm Adviser, Ray T. Nicholas, and Home Adviser, Helen Volk. The meeting will be held at the Grayslake High school starting at 8 p.m.

The program will include the presentation of awards to 4-H Club members for their past year's achievements.

A special feature of this year's program will be the presentation of a safety play entitled "Doctor's Orders." This will be given by a cast from the Russell Roses 4-H Club led by Mrs. Robert Murrie.

Another feature will be a "What's My Line" presentation patterned after the popular TV program. A panel of 4 club members will try to determine the occupation of four people. There will also be a well known Lake county Celebrity for the panel to guess.

And to top the meeting, refreshments will be served. All 4-H members, friends and parents are invited and urged to attend this climactic event of the 4-H Club year.

Puppet Show on Dec. 1 Will Be Sponsored by Local Lakeland Players

Lakeland Players are sponsoring a puppet show which will be given publicly at 1:30 p.m. Saturday, Dec. 1 in the Antioch Grade school auditorium.

Jess Coffey is bringing his marionette theatre to Antioch for this show. He will present "Alibaba and the Forty Thieves," and the one-hour show is expected to give children an excellent entertainment.

Tickets will be available at Darnaby's Shoe store, Nelson Realty Co. and from members of Lakeland Players.

Berries Out of Season

L. C. Ross of Bishop dr. brought to the Antioch News a branch full of ripe raspberries which matured last week. The remarkable thing about the bearing fruit this time of year is the fact that the plants were new ones which are not expected to bear the first year. They bloomed early this fall and even after the first frost developed fine berries.

Hearings on Proposed Building-Zoning Code Set for November 16

Town Hearings Planned for County Wide Ordinance Amendment

A public hearing on the proposed general amendment to the requirements of the Lake County zoning ordinance will be held in Antioch and Lake Villa Townships, Friday, Nov. 16.

The Antioch township hearing will be held at 10 a.m. in the village hall and the Lake Villa township hearing at the village hall there at 1:30 p.m.

Notice of the hearing was issued by the Lake county board of appeals and all citizens in the two towns are privileged to attend.

The new zoning ordinance provides not only for zoning but a strict building code as well.

William Rosing, town supervisor, reiterated his statement to the Antioch News recently when in last Friday's meeting of the board of supervisors he charged that the proposed code calls for too great an expense.

"It would cost the county \$50,000 a year to start and that would be just the beginning," he said.

Rosing said that at the hearing all of the union leaders were present in insisting that minute inspection be made on all construction. He said the regulations they would have would place such a burden on home building that the average man could never afford to have a home built.

The hearing also will deal with trailer camps which are quite a problem. The owners can move them about and demand public services and education for children without paying anything substantially in the way of taxes.

Rosing said he hoped the people would attend the hearings and become acquainted with the proposed code.

Warren Township Will Dedicate Its New Gym On Sunday Afternoon

Warren Township High school, Gurnee, will dedicate its new gymnasium at 3 p.m., Sunday.

A short program is being planned, followed by open house. Refreshments are being served by the P.T.A.

The new addition which cost \$216,000 represents something new in the construction field, a gymnasium structure of rigid construction with no interior. The gym which has a seating capacity of 1200 for community and school affairs has space for boys and girls physical education classes. Adding to the broad flexibility of the gym, its stage can be separated with sliding doors for use as a band and orchestra room.

The building is 102x143 feet in ground area and about 26 feet high above the gym floor.

The public address system is a R.C.A., a phonograph is included in the control cabinet which reproduces recorded material.

A heating system has been installed which heats not only the gym but portions of the old building.

The grandstands on each side are so arranged that they can be pushed against the exterior walls and the entire deck then becomes another play area.

This addition to the school building is something new and modern that the community can look upon with much pride and is second the none in Lake County.

An invitation to all Alumni and friends to attend the dedication and "Open House" of the addition.

Homecoming Parade Was Good One, Viewers Said

"Last night I turned off the television, put on my shoes, called the wife and kiddies and took a walk up town to view the Homecoming parade."

"It was indeed a gala affair. The students and merchants outdid themselves with floats of every description with the theme of the parade centered on the destruction of the enemy, one Barrington football team."

Heading the parade were the strutting majorettes twirling their batons with agility. Then came the band resplendent in its uniforms of red and gold. Next came a beautiful float composed of autumn leaves (Continued on page 4)

"Climate" Is Important

Climate is an extremely important matter. And that doesn't mean just the kind of climate a farmer considers when planting and harvesting his crops. It also includes the "climate" in which business thrives—the soil and air of free enterprise whose fruit is progress, production, and a better life for the millions.

As an example, take a food chain system which is now celebrating its 69th anniversary. Starting from a single, one-room store it has grown into an organization with more than 2,000 modern markets. This was, of course, the result of good business sense, alert marketing practices, the ability to adapt itself to changing times, and a talent for making and keeping customers. Those qualities are found in every good merchandising operation, whether it be small or large, independent-owned or chain-owned.

But these qualities, in the long run, are outweighed by certain factors of a very different nature. These factors are the air of freedom in which a business is born, the faith in freedom of the men who built it, and the fight to keep our freedom by people in all walks of life. Retailing is a fine illustration of how vital such factors are. Every merchant is free to go ahead as far and as fast as his abilities and ambitions permit. Every merchant is free to compete with the merchant in the next block or the next town—and to get the business if he can. Every consumer is free to shop where he gets the most for his money or the best service. And that's one reason why freedom and high living standards always go together.

The biggest thing any American can do is to help guard and maintain the "climate" of freedom which makes our progress as a nation possible.

A Package Sale

Professor Don Paarlberg of Purdue University, who is recognized as one of the country's foremost agricultural economists, recently made a talk entitled "Price Freedom—the Key to Economic Freedom." He dealt in some detail with the dangers and weaknesses of price control which, in essence, is simply an effort to hold prices under the level which would be established in a normal, supply-and-demand market. Then he wrote: "What happens when we hold these prices below the market level?"

"First, the consumer recognizes this as an encouragement to increase consumption, and cleans off the shelves. Second, the farmer recognizes this as a sign to reduce production. So a shortage develops, and the scant supply must be rationed. This may not have been contemplated at the time the ceiling price was set, but given time, it follows as the night follows the day. Finally, with artificially low prices, production continues to lag and subsidies must be restored to. . . .

"The American citizen needs to know that he can't

have artificially low prices (which he considers desirable.) It is a package sale. We do not know this, hence our enthusiasm for price control. The first effect of price control is to permit us to buy at a low price, which all consumers like. This continues so long as the momentum of our past production pattern will carry us. Then we get in trouble and need to ration and subsidize."

This may be unpleasant news, but it was demonstrated under O P A and it is again being demonstrated under O S. In the case of meat, to take but one example, we are seeing once more how price control by fiat produces scarcity, along with disruption of the normal processes of production and distribution. It can't be said too often that price control always creates worse diseases than those it is supposed to cure.

Our Appetite For Coal

Each year, the American people consume some 120,000,000 tons of food. That huge total is needed to energize our collective physical bodies.

Yet the food tonnage is dwarfed by our production of another kind of energy. We require four times as many tons of coal to keep industry running, to heat our homes and buildings, and to do all the other tasks to which coal contributes in one way or another.

Ten years from now, it is estimated, we Americans may need six times as much coal as food. And 25 or 50 years hence coal may be used in quantities which seem inconceivable at present. Some of our greatest industries, notably steel and electric power, are burning coal in ever-increasing amounts. New discoveries, resulting from coal's ambitious research work, are finding more and more uses for this immensely versatile commodity.

Luckily, we need have no fear that we won't be able to get enough coal. Nature blessed us with enormous underground resources—enough to last thousands of years. And where Nature stopped, the coal industry took over. It has the highest-paid mass of labor force in the world. It has developed amazing machines, which do the work of cutting, loading, cleaning and grading. It has established one new safety record after another. It has met every demand, domestic and foreign, right in stride. Coal is used in some form by everyone. And everyone will be using more and more of it as time goes by.

Low Down From Hickory Grove

Ladies and gents, fellow citizens, nice people, wise guys, everybody—I am going to tell you where you are going to get off if you don't take heed of what is happening in this U. S. A., and which is not for your good. You are not one-half as smart as you think, if you shrug off the predicament of the kilowatt makers, figuring it is just their baby. When the Govt. barges into Tennessee and the Pacific Northwest and now the Atlantic Southeast and puts on false whiskers, and claiming it is oozing with patriotic motives when it pours your tax money galore into dams and steam-driven power plants, you are being given the old double cross and don't seem to catch on.

Stay with me another half minute, folks, don't tune me out yet—I might get you off your complacent dime. Socialism, if it came out in the open—said it was Socialism—put a socialistic ticket in the field—it would be snowed under. But socialism in sheep's clothing is now undermining this Republic, and you are not turning a hand. The electric feller's dilemma, of which you now don't give a hoot, is what I am driving at. The power mess shortage in the Pacific Northwest where the Govt. turns on and off most of the power, is shining example of a gummed-up Europe type Govt. taking hold, here at home.

This is a fancy shell game—and here we are, and especially congress, being taken as a sucker—garden variety. We look but we don't see.

Yours with the low-down,
JO SERRA

The "Kwiky" is mechanically perfect. Installation is entirely from inside of house and nullifies risk of life and limb in original installation or spring and fall changes. The unique hardware and simplicity of original fittings enables any owner to install as hammer and screwdriver are the only tools needed. "Kwiky" units include all hardware, screws and nails for completion—also include glazing and Bronze screen wiring.

To wash windows owner can remove — without tools — sash or screen in a jiffy. This is not possible with many other combination units. "Kwiky" units are furnished to fit 2 x 4 frame, brick veneer or brick wall construction. "Kwiky" units consist of two sash and one lower screen which replaces lower sash in the spring. You can replace both sash with screens if you prefer at slight extra screen cost. "Kwiky" units are made of Red Cedar, a naturally rot proof wood and are treated with Woodlife water repellent.

More than 4,000,000 people sleep under Electric Blankets

And here's what some of them say:

"My friends recommended that I buy an electric blanket because of the way it always gives just the right warmth, and because of its light weight. It has certainly made a big difference in the way I sleep and feel."

Mrs. Olive McNicol
Chicago

"Our electric blanket has been one of our most valued wedding presents. Besides its comfort, we appreciate its long-lasting quality, the way it saved us a big investment in several heavy blankets, and its very low cost to use."

Mr. and Mrs. Robert Johnston
Park Forest

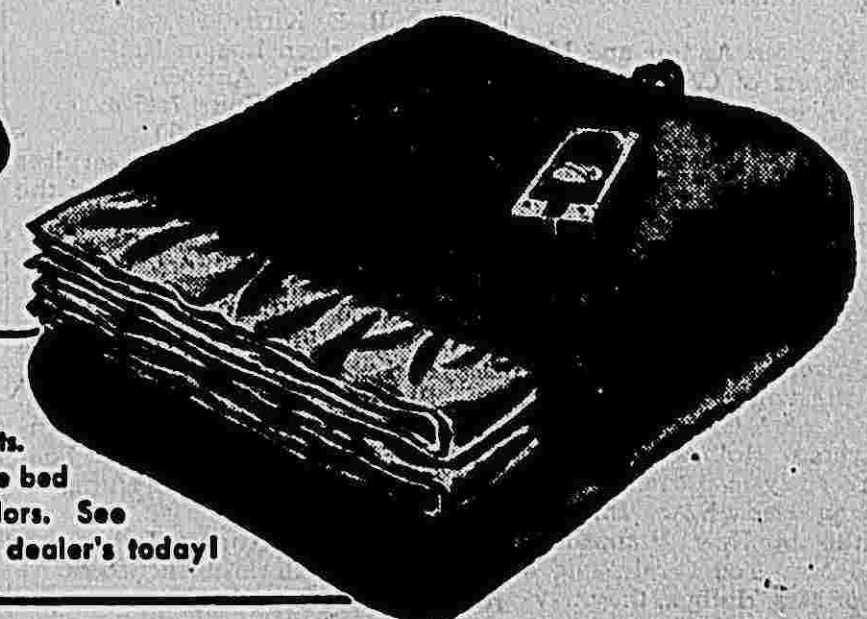

"We think our electric blanket provides wonderful sleeping comfort, and it takes the place of three or four heavy blankets—which means savings in storage room, time and money."

Mrs. John Wallace
Chicago

-Why don't you?

Congresswoman Church To Speak at Township Club Luncheon Nov. 8

The Honorable Marguerite Stitt Church will be guest speaker at the General Membership luncheon of the Township Republican Women of Lake County which is to be held at the Barrington Hills Country Club Thursday, November 8th at 12:30 P.M. All members and prospective members are invited, Mrs. E. A. Singer, Jr., Barrington, is chairman of the event.

Mrs. Church will speak on "What Part Women Can Play in Politics" and there will be a question period regarding conditions in Washington following her talk.

The Township Republican Women of Lake County was organized August 1950 with ten members; today the membership totals 500 women including Cuba, Vernon, Wauconda, Libertyville, Fremont, Lake Villa and Elia Townships.

This organization is an independent self governing body of Republican women who work toward the strengthening of the Republican Party in the cause of good government in county, state and nation. The group is the principles of Freedom, equality and justice on which is founded the government of this Country. No paid political worker can serve on the Board.

The club membership is open to any woman who is interested who is willing in fostering and encouraging loyalty to the Republican Party and to cooperate in the election of the Republican Party's nominees. We cordially invite women of all creeds and races to join the organization.

The members of this organization plan periodically for speakers who contribute to the political education of women. All members are asked to cooperate in getting out the vote. Any inquiries may be directed to the organization's president, Mrs. John H. Mitchell, Tehanda Farm, R.F.D. No. 2, Mundelein.

Reservations for the luncheon must be made through Cuba Townships' Organization Chairman, Mrs. Beatrice Molloy, Kelsey Road, Barrington. Mrs. Molloy's phone is Barrington 1254-J.

Mrs. William M. Marks, Libertyville, has been appointed to the board to serve in an Advisory capacity, heading up the organization's legislative committee and Mrs. Dan Boyer, Lake Villa, has accepted the position of township organization chairman for Lake Villa township.

Prepare for Poorer Gas

Avoiding jack-rabbit starts and shifting earlier to second gear are suggestions recently offered by the Chicago Motor Club to motorists who wish to prevent engine knocks that are likely to occur with the use of lower-octane gasoline due at the filling stations soon.

The motor club explained that the drop in octane rating of gasoline will result from a cut ordered by the National Production Authority in the primary metallic lead that may be used in civilian motor fuel. The only effect of the lower octane gasoline, said the motor club, is to cause engine knocks or pings and has no bearing on consumption, ease of starting or other motor fuel characteristics.

Intermediate M. Y. F. plan to leave the church Sunday at 3 o'clock for Fox River Park where they will hold a werner roast and also a worship service.

Mr. and Mrs. Louis Biel are vacationing in the south.

Homecoming Parade . . .

(Continued from page 1)
and a variety of mums, following in a convertible was the homecoming queen and her court of honor. Then a float of lovely argels; next a bevy of beauties in formal gowns "Welcome Alumni" was their title.

"The Sequoit rink had a unique float—Indian maidens on skates. Along came a repair truck hauling a most dilapidated wreck of a car, atop lay the fallen foe straddled by the winner. Appropriately following the wreck were the two rescue squad trucks. After them came a number of floats: the A-Club, Library club, Girls A club, Girl Scouts and many jaloopies and cars all showing by their decoration the time and skill spent on their creations.

"Bringing up the rear of the three block long parade were our two fire trucks manned by our gallant firefighters adding zest to the occasions with their bell ringing and siren blowing.

"On our way back home I noticed the huge turnout to watch the event. The comments I heard along the line were most gratifying. I am sure the merchants who co-operated with the students would think so too."

Parade a Good One

The Homecoming parade on Thursday evening was unusually good. There were a large number of beautiful and original floats, some of which were furnished by the business men. Nancy Thompson was in charge.

The parade, led by the school band, went from the school through the business section of the village and back. The prize winners for the best floats went to the following:

Organizations — Future Homemakers of America, \$8; Girls Athletic association, \$4; Wahoo Rollers, \$2.

Commercial — Lasco's, \$4; Girl Scouts and Moose, \$2 each. Cars — Tom Cahill, \$4.... A-Club, \$2.50; Dale Jones, \$1.50.

The pep session Thursday evening after the parade was a lively one. The crowd gathered around the huge bonfire and gave school cheers. Talks were given by Mayor James McMillen, Coach Paul Kessenich, Principal R. C. Edmundsen, and others of the coaching staff. James McMillen Jr. had charge of the bonfire.

Children Will Start....

rags; who are barefoot or wearing nameless things tied to their feet. Babies still come into the world to be wrapped in paper, straw, grain or sugar bags—whatever rags their mother can find. We have seen these children, and we know that in Greece alone there are more than a million indigent people among them more than 300,000 orphans. Recovery is on the way, but the need is still great. There are more than 6,000,000 Korean refugees."

Clothing collected by the Federation is distributed abroad for the relief of such children in Austria, Finland, France, Greece, Italy, and Germany, and Korea.

In America clothing is distributed in needy rural areas of eight Southern and Southwestern States and on the three Indian Reservations, in which the Federation operates its sponsored school program. Many of the children in the American areas served come from families with cash incomes of less than \$400 a year. If it were not for the Bundle Week collections, thousands of these children would not be able to attend school during inclement weather because of lack of proper clothing.

All Kinds of Clothing Needed

Principal Whitacre said that wearable clothing of all types, in both baby's, children's and adult sizes; blankets, sheets and other bedding, and pairs of outgrown shoes are needed.

"I hope we will give a bit of ourselves with these gifts, by cleaning and mending the garments so they will express our good wishes for the children who receive them," he said.

"All of the clothing raised in Illinois schools will be collected and transported without charge by the Central Motor Freight Association," Principal Whitacre reported.

Halloween pranks were said to have been at an all-time low this year, with less vandalism than for many a year. The usual soaping of downtown show windows was limited to a small amount and this is credited to the appreciation of the smaller children for the annual party.

A few of the older boys of the community were lodged in the jail for a short time last night, but no charges were preferred against them. A number of special deputies were on hand to maintain order.

Funeral Services for Mrs. Louise Martin Held Tuesday Afternoon

Louise Martin, 68, Cross Lake Subdivision, died October 27 at 1 a. m., at a Kenosha hospital, following a lingering illness. She was born April 11, 1883 in Chicago, living there until five years ago when she came out to Cross Lake.

Survivors are one sister, Mrs. Pauline Steinmann of New York City and a nephew, William Dahme of Chicago. Her husband, James D. Martin, preceded her in death, April 5, 1951.

Funeral services were held at the Strang Funeral home Tuesday at 2:30 o'clock with the Rev. G. Richard Tuttle officiating. Interment was in Liberty cemetery.

Antioch Tailors Now Open For Business

The Antioch Tailors and Furriers, formerly located on route 173, have moved into new quarters at 907½ Main street in the Bock building, and are open for business.

Joseph Muska, owner of the new business, is a tailor of wide experience, having operated a tailoring business in Chicago for many years before moving to Antioch five years ago. He has operated from his home for the past five years.

Cleaning, dyeing, pressing, tailoring and alterations, as well as work with furs will be available at the new place of business.

State Auditor Reports \$107,522 Savings to Taxpayers in Past Year

Springfield, Ill. — State Auditor Benjamin O. Cooper said today that his office had chalked up savings of \$107,522.28 to Illinois taxpayers during the year ending September 30 in the costs of processing and mailing public assistance checks.

He said that this savings of Illinois tax funds will continue to accrue to taxpayers as a result of arrangements made for federal participation in the cost of materials, facilities and services used in preparing the checks and in the cost of postage for distributing them.

Auditor Cooper pointed out that this aid from the federal government has been available to all states since 1942. It is based on state compliance with standards set by the federal government for "proper and efficient administration" of the assistance program at the state level. Illinois has not qualified for the aid in the past Auditor Cooper pointed out, because old-fashioned manual check-writing processes including the installation of modern time-saving business equipment for processing checks and production of records.

Today, Auditor Cooper said, one of these machines turns out as many checks in an hour as a typist; formerly produced manually in a day's time. He said the significance of the savings in time and money from the new mechanical operations is best exemplified by the fact that in the year just ended, 1,786,353 public assistance checks were processed.

Trapping Application Blanks Available Now

Application blanks for the license to trap fur bearing animals can be obtained at Murrie's gas station or from Village Clerk Clarence Shultis, the latter announced.

"It takes from seven to 10 days to get tags and any number may be purchased," Shultis said. "The fee is \$2 for each set of 25 trapping bags with no restriction as to the number of traps."

The application is made directly to the Department of Conservation in Springfield.

Pearson To Ask For Re-election to State Legislature at Primary

State Representative Harvey Pearson announced today that he will enter the Republican primary in April in a bid for re-election to the Illinois General Assembly.

Pearson, a Marine veteran of World War II, is now serving his second term as state representative, having been elected to succeed the late Harold Kelsey in 1948.

During the recent session of the legislature, Pearson served as vice-chairman of the Labor and Industrial Affairs committee, and as a member of the Appropriations committee.

He was appointed to the special conference committee by Speaker Warren Wood and played a prominent role in effecting a compromise which made possible the enactment of the new highway program.

He has fought successfully for increased workmen's compensation and unemployment compensation and was recently appointed to a special commission studying public pensions.

During the recent session he sponsored and supported bills designed to protect dairy herds and also secured passage of a bill which will limit the size of County Boards of Supervisors.

Pearson will probably be the only legislator from this district seeking re-election in the April primary since State Representative Robert McClary has indicated that he will be a candidate for the office of State Senator, a post now held by Ray Paddock, Wauconda, who has announced his retirement from active politics.

The district's other assemblyman,

Thomas P. Bolger, Democratic representative from McHenry, is a doubtful candidate because of ill health.

Balloting in the primary will be April 8th for president, governor, congress, state offices and county offices. The general election will be Nov. 4th, 1952.

LAKE VILLA

The Lake Villa Volunteer Fire Department has recently received an addition to their equipment in the form of a new tank truck and pump which is assembled on a Dodge chassis, consisting of an 800 gallon tank, 300 gallon per minute high pressure combination pump, hose, ladders, etc. The department now has 3 pieces of equipment, consisting of one pump and two tank trucks, purchased with proceeds of carnivals held each year.

Bobbie Jo Harrison, six year old daughter of Rev. and Mrs. R. E. Harrison came home Friday night from the Wesley Memorial hospital in Chicago where she has spent the last month for observation, and will be at home for a time.

Linda Lou Peterson, daughter of Mr. and Mrs. Wm. Peterson and Kenneth, son of Mr. and Mrs. Chester Hamalinn of Waukegan, were baptized at the morning service at the Community church last Sunday. The Junior Choir, under direction of Mrs. Warren Brown, sang at the service.

Mrs. Ned Grimes of Chicago was guest of her cousin, Mrs. Dan Boyer at her home at Buena Park a few days last week.

Mrs. Clifton Bray also of Buena Park visited her daughter, Mrs. Virginia Whittemore and family at

Flossmoor during the past week.

Mr. and Mrs. Glenn McCarthy and daughters who have been living on Grand Avenue have moved into their home which is still under construction in the Sherwood subdivision. The home they have been occupying has been sold.

Mrs. Mary Makert has gone to Chicago to live with her daughter and has rented her home in Villa Woods subdivision.

Wm. Somers also of Villa Woods subdivision has also gone to Chicago to be with his son and family and his home is also rented.

The Veterans of Foreign Wars of Lake Villa entertained the Antioch V.F.W. at a pot luck supper and party at the recreation room of the fire station last Saturday night. Dancing was a pleasant part of entertainment.

Mr. and Mrs. Frank Slazes celebrated their silver wedding anniversary last Saturday evening at a party held at the home of Mrs. Slazes brother Elmer Sheehan. Only relatives and close friends were at the party, due to limited space and the honored couple was presented with a beautiful set of silver. Refreshments were served and it was a very pleasant occasion.

Mrs. Fred Bartlett spent Tuesday this week at Highland Park in attendance at the American Legion Auxiliary Caravan.

Mrs. Helen Weber is visiting her

brother Edgar and family at Bloomington, Ill., and friends at St. Louis this week.

Mr. and Mrs. March, son Norman and Mrs. Peter Nauta of Pleasant Prairie, Wis. and Mr. and Mrs. Harold Nauta and daughters of Racine were Sunday callers at the Arthur Nauta home.

Mrs. Clayton Hamlin went by plane on Friday last week to visit her son Jimmie Hamlin who is in High school in Canada at the Niagara Falls. She went by way of New York and returned on Monday to take up her teaching duties at the Fox Lake school.

Fourteen members of the Official Board of the Community Church attended the quarterly conference at the Libertyville Methodist church last Friday evening.

Mr. and Mrs. B. J. Hooper and Mrs. Fred Hamlin spent last Thursday at Belvidere where Mr. and Mrs. Hooper visited their daughter, Mrs. Traver Ellis and family and Mrs. Hamlin visited her aunt Mrs. Belek who is living at a rest home in Belvidere.

Mrs. Stella Pedersen returned last week from the hospital and was at home a few days before entering a rest home at Fox Lake. Her

brother, Frank Matthis of Chicago, his wife and her sister, Mrs. W. V. Kennedy and family, also of Chicago, visited her during her stay at home.

Mr. and Mrs. Fred Seefeldt are caring for their small granddaughter, Christine Hall of Belvidere while her parents are away on a vacation.

Mr. and Mrs. Richard Seefeldt and family of Bristol, Wis., and Philip Seefeldt of Newton, Georgia, were Sunday dinner guests of their parents, Mr. and Mrs. Fred Seefeldt. Philip is at the Veterinarian's school at the Curtiss Candy farm at Cary, Ill., for a three weeks' course in preparation for his duties as herdsman on a large dairy farm in Newton, Georgia.

ANTIOCH, ILLINOIS

90% For! 10% Against

Railroad workers are represented by 23 standard unions. By mutual agreement, 20 of these unions—comprising about 1,200,000 men, or more than 90%—are working under wages and rules agreed to by them and the railroads. But leaders of three unions—with only about 130,000 men, or less than 10%—still refuse, after more than a year of negotiations, to accept similar wage and rules agreements. These are even more favorable than the terms recommended by the Emergency Board appointed by the President.

Yes, it certainly seems to be finally about time that the leaders of the three unions stop their delaying tactics—their quibbling. But the leaders of the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors continue to refuse. They continue a course of dillying and dallying. It is definitely time to

END THIS QUIBBLING!

On June 15, 1950, an Emergency Board appointed by the President under the terms of the Railway Labor Act—an Act largely fathered by the unions themselves—made its recommendations on certain wage and working conditions ("rules" in railroad language) which had been in dispute between employees and the railroads.

More Than 90% of Employees Accept
Since then, terms equal to or better than the Board recommendations have been accepted by about 1,200,000 railroad employees—more than 90% of the total of all workers. They are represented by 20 of the 23 standard railroad unions.

Less Than 10% Refuse
But three unions—with about 130,000 men, or less than 10% of the total—have refused to accept, even after months of negotiations. These three unions are the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors. These are three of the so-called "operating" unions. Already the highest paid men in the industry, their leaders demand still further advantages over other workers.

In all, there are about 270,000 operating employees. But not all of them, by any means, are represented by BLE, BLF&E, or ORC. As a matter of fact, less than half—132,000 to be exact—are in these three unions. More than half—about 140,000—are in other unions, principally the Brotherhood of Railroad Trainmen. What makes the whole situation so hard to understand is that these 140,000 operating employees are working under wages and rules which the leaders of the other 130,000 say they cannot agree to.

What Do the Railroads Offer?

They offer these three unions the same settlement which was contained in a Memorandum of Agreement signed at the White House on December 21, 1950, by four brotherhoods and the railroads. Later these brotherhoods sought to repudiate this agreement. But on May 25, 1951, the Brotherhood of Railroad Trainmen signed a complete agreement carrying out the

principles of the Memorandum Agreement of December 21. They have been working under this agreement since May 25.

What About Wages?

Under the terms of the agreement, yard engineers, firemen and conductors would now be receiving a wage increase of \$.34 an hour (\$2.72 a day) and road engineers, firemen and conductors would now be receiving an increase of 19½ cents an hour (\$1.56 per day). Large sums of retroactive pay have already accrued and if the agreement is carried out, will be paid promptly.

What About "Cost of Living" Increases?

The White House Agreement includes an "escalator" clause under which wages will be geared to changes in the Government's cost-of-living index. Two such increases—April and July, 1951—have already been paid to the 90% of railroad employees covered by signed agreements.

What About the 40-Hour Week?

The White House Agreement calls for the establishment of the 40-hour week in principle, for employees in yard service. The employees can have it any time after January 1, 1952, provided the manpower situation is such that the railroads can get enough men to perform the work with reasonable regularity at straight time rates. If the parties do not agree on the question of availability of manpower, the White House Agreement provides arbitration by a referee appointed by the President.

What Else Do the Union Leaders Demand?

The continued quibbling of the leaders of the three unions has to do principally with

rules changes, which have already been agreed to by the Brotherhood of Railroad Trainmen. Of these, the principal one seems to be that having to do with so-called "interdivisional service"—runs which take in two or more seniority districts.

The union leaders would bar progress and efficiency in the industry, and better service to the public, by maintaining a situation where they can arbitrarily stop a railroad from establishing such interdivisional runs. The carriers propose that if a railroad wishes to set up an interdivisional run, the railroad and the unions should try to agree on such run and the conditions which should surround its establishment, and if the railroad and the unions can't agree, the matter will be submitted to arbitration.

But the three union leaders still refuse.

Rules Can Be Arbitrated

The railroads have not only offered these three unions the same rules agreed to by the BRT and covered by the White House Agreement, but have even agreed to submit such rules to arbitration.

The Industry Pattern Is Fixed

With the pattern so firmly established in the railroad industry, it seems fair to suggest that the leaders of BLE, BLF&E, and ORC stop their quibbling and take action to make the railroad labor picture 100% complete. Certainly today's economic and international situation calls for a united front. And certainly no good reason has been advanced why these three unions should be preferred over all other railroad employees.

Charles Bock Selected To Represent Antioch In Area History Contest

Charles Bock, a junior of Antioch High, has been selected by Mrs. Jeanette Tulumello as the school's outstanding American history student, and as such he will enter the ninth annual Hearst Newspaper American History Awards competition. More than 100,000 students of the Chicago area high schools will compete.

Prizes totaling \$25,000 in U. S. Savings Bonds will be awarded. The primary objective of the awards is to inspire patriotism and adherence to American ideals through the study and full understanding of U. S. history by boys and girls in the nation's high schools.

The competitive tests in this area will be held during November under the sponsorship of the Chicago Herald-American in cooperation with the local authorities. The Chicago area examination will determine the five students who will be eligible to represent this area in the national examination. The national test will be prepared by the American History Department at the U. S. Naval academy at Annapolis, Md. It will contain 180

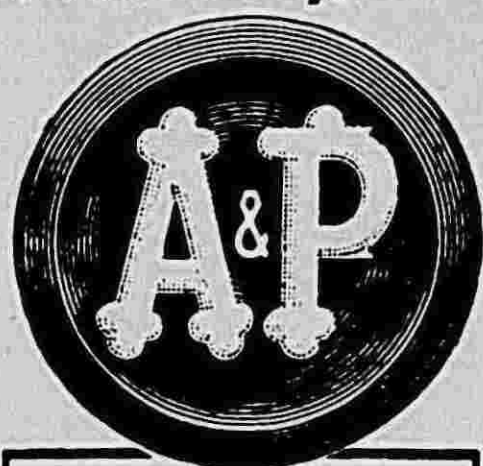

short-answer questions and an essay. The national prizes range from \$50 to \$2,000. The local prizes are: first, \$200 bond; second, \$100 bond; third, \$50 bond, fourth through tenth, \$25 bonds.

The Herald-American will offer sets of history books to the ten high schools whose students place among the first ten in the Chicago area examination. In addition, the number one winner of the Chicago area will be given a free week-end trip, with his or her parent, to Springfield, Ill., to view historic spots as a guest of Governor Stevenson. Each high school student reaching the Chicago area examination will be given a valuable book, too.

Hospital Plans Drive
Victory Memorial Hospital is planning a drive to raise one million dollars to finance the construction of an addition to house 50 to 60 additional beds. All Waukegan hospitals are up to capacity.

A large crowd attended the clam bake Tuesday evening at the Johnson resort. The annual event in which for \$12 the guests can eat and drink all they wish was attended this year by many politicians.
